

Who Are We?

WHAT WE DO

TLT-Tomorrow's Leaders Today in-person programs for 5th grade through adult focus on Real Life Skills, Soft-Skills, Higher Education and Career Readiness, Civic Responsibility, and Leadership Skills and work-skills through our remote internship program.

Not only do our participants fall in love with their community, but they also become self-sufficient, engaged and involved community members earlier, embrace their civic responsibilities and want to become leaders.

TLT - TOMORROW'S LEADERS
— TODAY —

Post Transition

OUR GOAL

We aim to provide vital assistance to transitioning service members and veterans as they navigate the difficult journey from military life to civilian life.

WE SEE YOU

We understand that transitioning can be challenging for veterans, often leading to issues like unemployment, homelessness, depression, and PTSD, which can persist for decades after discharge.

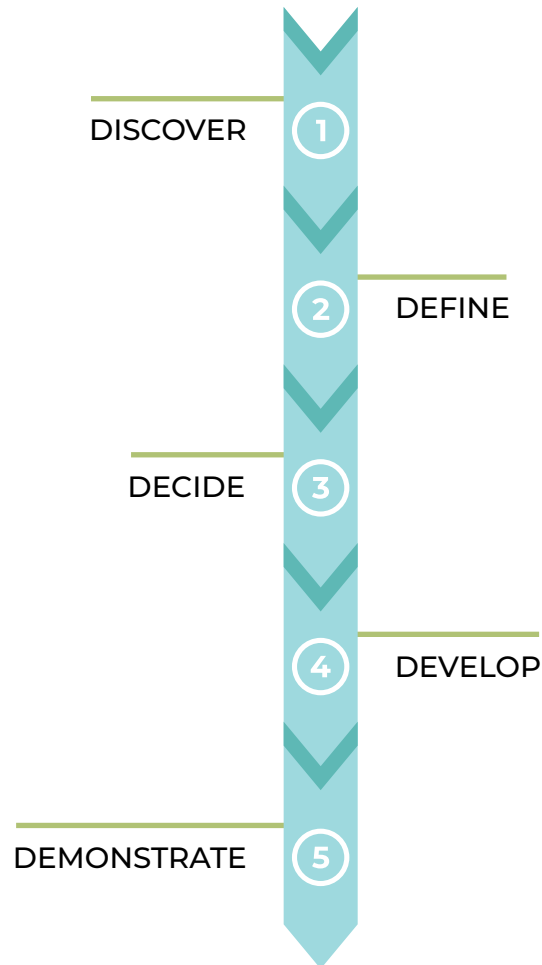

WE ARE HERE TO HELP

At TLT, we stand as the gateway that fills the gaps left by the military experience. We do this through our program, which brings veterans together to support and mentor one another.

By offering mentorship, training, and networking opportunities, we aim to empower veterans and provide them with the resources they need to adjust successfully to civilian life.

Through TLT, we strive to honor the service of our veterans by ensuring they have the support and guidance required to thrive in their civilian lives.

Gateways

Career Prep
